THE RAILROAD ADMINISTRATION BOARD ISSUES ORDER; HOOD TO GO TO LOS ANGELES

Officials of the railroad administration board have ordered the closing of the offices of general agents throughout a great portion of the United States since the government took over the railroads. Word was received to that effect yesterday by M. A. Hood, general agent of the Las Vegas and Tonopah Railroad. Mr. Hood and his wife have endeavored themselves to a great many people residing in Tonopah. Their departure will be regretted. They leave in a day or so for Los Angeles.

Harry R. Grier, general agent of the Tonopah & Tidewater railroad will also close his office, having received word to that effect from officials of the railroad administration. MERCURY DROPS TO UNHEARD OF POINT

THERMOMETER REGISTERS LOWEST POINT EVER KNOWN FOR APRIL IN DISTRICT

Freezing weather was the program offered by the weather man for this particular district this morning. The thermometer registered 16 degrees above zero at 6 o'clock this morning which is the lowest point to which it has ever been known to drop in this particular section during the month of April. It almost reached that point in April, 1911, when it dropped for a few moments to 17 degrees above zero. Tonight and tomorrow, however, the prediction is "fair and not so cold," which will be welcomed.

YOUNG FINANCIER ON ROAD TO WEALTH

JULIUS SMITH, JR., INVESTS HIS EARNINGS IN WAR SAVING CERTIFICATE

That a future of financial independence awaits Julius Smith, Jr. is what his intimate friends believe. Julius is 10 years old. When he was 5 he learned how to save pennies and they have since mounted steadily into hundreds of dollars. It was on account of his habit of saving that Julius was sorely tried recently in his efforts to arrive at a decision that would be just to every one concerned.

It was like this. He wanted to do his patriotic duty and buy War Savings Stamps but somehow he just couldn't bring himself to touch his savings. He talked it over with his father, Julius Smith, manager of the Butler Theater, but he thought it best for the boy to solve that problem himself. At the conclusion of the conference, however, he hinted that any boy with the right amount of "pep" ought to sell more than five Bonanzas daily, which, by the way, was the amount that Julius had been selling daily. And he left him eagerly turning the subject over in his mind from the new angle.

That was some time ago. Yesterday Julius went to the postoffice and bought his first \$5 War Saving Certificate, paying for it \$4.15, and he also had another 25-cent War Savings Stamp pasted in his book. He is still banking his daily earnings but he is selling more Bonanzas than ever before.

Julius has an eye on the main chance. Recently his father had a birthday. Presents were in order so Julius hid himself to the store, bought his father a necktie and had it charged "to dad." On another occasion his trousers were torn and when his mother wanted to fix them Julius objected stating judiciously, "Don't do that I can sell more papers if I look ragged."

Julius though only 10 years of age is the oldest newsboy in point of service at present selling the Bonanza, he having started when he was 5 years of age.

AN OPEN LETTER TO THE BONANZA

LOCAL CHIEF ACTING UNDER DEPARTMENT OF JUSTICE SENDS OUT CALL FOR AID

To the Bonanza:
I am repeatedly asked what is being done with the I. W. W. matter and radicals as spies. I cannot at this time say much, except this, that there are several people here who are under close surveillance, in order that the higher up enemy official may be reached. I wish that every loyal American, who sees or hears anything that looks questionable, no matter how trivial it may seem to you, would report the facts to me. It may be the clue that will lead to something important, or supply the missing link in a chain of important evidence.

The law and lawyers demand proofs, proofs, proofs, of everything, and many are still at liberty because of the lack of proofs. I contend that the burden of proof now lays with the man who runs loose. He should be above suspicion, and he must have clean hands and be able to show them. The public must help gather the proofs if we wish to rid the country of I. W. W. and enemy spies. The enemy ears are listening wherever there is talk. The meeting places of malcontents and grumblers are rich in information for the enemy. American eyes should be watching always for enemy spies. Note particularly who it is that tells you discouraging stories and enemy propaganda. Who are circulating these dire stories. We wish to run them to their origin, to locate the enemy agent that started them and all can help.

I would be willing to see a law passed that put a bounty on the scalps of anti-Americans and radicals and the open season to run all year.

LETSON BALLEET, Local Chief Protective Association, Department of Justice.

MEN IN TRAINING FOR THE BIG SHOW

BILL AT AIRDOME ON NIGHT OF APRIL 11 PROMISES GOOD SPORT

Kid Bromo who fights Johnny Morrison of Goldfield at the Airdome on the night of April 11, has been one of the busiest boxers on the coast for the past six months. Bromo in addition to appearing at Dreamland Pavilion in San Francisco in a number of main events this winter, fought a main event at Stockton Saturday night, March 30, winning one of the clearest battles ever witnessed in that city. He is billed to box at Sacramento on Friday night, April 5, and will leave immediately after this battle for Tonopah to finish conditioning himself for his battle in this city.

Johnny Morrison has commenced training at the Northern in Goldfield under the personal direction of Billy Shue, who is conceded to be one of the best seconds in the state and it is safe to bet that nothing will be left undone to have him in tip-top shape.

The Berne brothers, who have been touring the state in their new Ford roadster which they purchased in this city a short time ago, wired from Reno they were leaving for Tonopah and would arrive tomorrow. William Berne, who is matched to meet Bull Montana in the big wrestling match, catch-as-catch-can style, best two out of three falls to a finish, states he is in the best of condition and confident he will win over the tough Italian next week. Henry Berne, who defeated Victor Ajax of Goldfield here last month, will arrive with his brother and condition him for his big match. Montana is at present with Douglas Fairbanks at the Lasky Moving Picture Studio in Hollywood, Calif., and wires he will leave Los Angeles Saturday night, arriving in Tonopah Sunday night and that he is always in the best shape and ready to enter the ring at a moment's notice.

PUPILS EAGER TO WIN LIBERTY BOND

UNUSUAL INTEREST AWAKENED BY CONTEST ANNOUNCED BY JULES SMITH

That the contest announced by Jules Smith, manager of the Butler Theater, has met with the instant approval of the school children was demonstrated yesterday afternoon when numerous children called at the box office of the theater to learn of the conditions. They were told that beginning April 6 and lasting until April 17 each admission ticket will have a coupon attached. The pupil in the high school or grades that secures the highest number of coupons will be given a \$50 Liberty Bond. Fifty coupons must be secured, however, before any name can be entered in the contest.

Co., which is operating in North Manhattan, has its five-stamp mill nearly ready for starting operations. Within two days it can be turned over. Mr. Putney is waiting, however, until freezing weather is over, so that a heating plant need not be installed until next fall.—Manhattan Magnet.

AMUSEMENTS

"THE BARRIER" TODAY

"The Barrier," the seven-reel photo-drama of Rex Beach's famous novel by the same name, will be the attraction at the Butler today, brought back by popular request, and shown at the regular admission.

This picture has been heralded as one of the greatest dramas that has ever been produced upon the screen. At the Broadway Theater, New York, it scored a tremendous hit and has since broken attendance records everywhere both on its initial showing and on its return engagements, as it has been repeated in nearly every first class theater in the country.

It will be recalled that the story is of the love of Nedra, a white girl who thinks she is a half-breed, for Lieutenant Meade Burrell, a blue-blooded Southerner from Kentucky. The Indian blood is the barrier between them, and the strong situations which lead up to Burrell's decision to marry her in spite of everything provide tremendous dramatic material. It is a great picture, and one well worth seeing a second time, and although it is a big seven-reel production, there will be the regular matinee, the two regular night shows—at the regular admission. Pathe News will also be shown.

Tomorrow Pauline Frederick, the idol of the screen, in "The Hungry Heart." On Friday night with the first admission ticket purchased at the Butler, a Liberty Bond vote will be given, and the contest for this \$50 prize will be on.
